

HVS ALUMINIUM & GLASS

Aluminium Doors

Made for access.

RESIDENTIAL | COMMERCIAL | CUSTOM

*Crafting Dreams,
Framing Reality.*

Designed for the way you move.

The right door shapes the way people enter, move through and experience a space. HVS aluminium doors are configured to suit the opening, application and way the area needs to function.

Individual entrance doors, sliding systems and larger stacking or folding configurations are measured and manufactured for the project, then installed by the HVS team.

Why choose Aluminium?

RUST FREE

Aluminium does not form iron rust. Its natural oxide layer helps resist corrosion; appropriate finishes and regular cleaning remain important, particularly near the coast.

RECYCLABLE

Aluminium can be recycled repeatedly without losing its inherent material properties, supporting resource reuse.

STRONG & LIGHTWEIGHT

A favourable strength-to-weight ratio supports durable frames and neat sightlines within the chosen system’s design limits.

LOW MAINTENANCE

Aluminium does not rot and needs no timber-style staining. Suitable finishes and routine cleaning help preserve its appearance.

MADE FOR MOVEMENT

Door Range

OPTIONS FOR DIFFERENT SPACES

SINGLE HINGE

Practical everyday access with a clean, straightforward opening.

DOUBLE HINGE

Creates a wider entrance with flexible everyday access.

PIVOT

A distinctive entrance that adds architectural presence.

STACKING

Opens up wide areas to connect adjoining spaces.

PALACE SLIDING

Smooth sliding access suited to larger openings.

PALACE CAVITY SLIDING

Slides neatly into the wall cavity to maximise usable space.

Door Range

OPTIONS FOR DIFFERENT SPACES

STABLE

Flexible opening for access, ventilation and everyday practicality.

TILT & TURN

Flexible opening options for ventilation and easy access.

EMERGENCY

Designed for clear, reliable access where safe exit is essential.

AUTOMATED

Convenient automated access for smooth, hands-free movement.

Openings that work with the space.

Specifications

QUALITY SYSTEMS.
RELIABLE PERFORMANCE.

PROFILE SYSTEMS

- > Wispeco / Crealco aluminium systems
- > Clip 44, Vistafold, Palace & Serene
- > Pivot systems selected for the required configuration
- > Profiles and hardware selected around dimensions, application and exposure

GLASS OPTIONS

- > Single & double glazing options
- > Clear, laminated, NC45, Low-E & toughened glass
- > Selected to suit the door system and application
- > Safety, panel weight and performance requirements considered

GLASS & CLADDING

- > Fully glazed, fully clad or combination options
- > Configured around privacy, light and design requirements
- > Colours, patterns and proportions agreed before manufacture
- > Subject to system, dimensions and permissible infill weight

FINISHES

- > 100+ colour options available
- > Standard: Charcoal, Matt Black, White, Natural, Bronze & Matt Stone Grey
- > Special finishes available on request
- > Final colours confirmed against physical samples

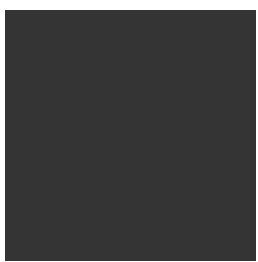

HARDWARE & LOCKING

- > Quality hinges, pivots, rollers, handles, locks & fittings
- > Selected for the system, configuration and panel load
- > Coordinating hardware colours available
- > Six-month hardware warranty

PERFORMANCE & INSTALLATION

- > Specified for project location, exposure and intended use
- > Frame, glass, hardware and operation considered together
- > Installed to applicable requirements
- > Glazing certification issued where applicable

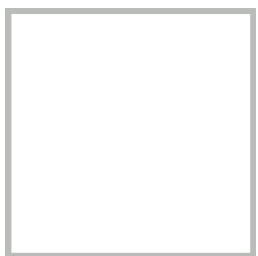

COLOUR OPTIONS

Charcoal

Matt Stone Grey

Made to move.

EVERY OPENING.
CAREFULLY CONSIDERED.

→ Accurate frame assembly

→ Hardware positioned with care

→ Smooth, considered operation

→ Clean thresholds and transitions

→ Careful final adjustment

FROM FRAME TO FINAL FIT.

Openings in action.

RESIDENTIAL | COMMERCIAL
DESIGNED AROUND HOW THE SPACE WORKS.

Residential | Aluminium Door System | Integrated aluminium doors within a custom architectural installation

Residential | Sliding | Aluminium sliding doors connecting interior and exterior spaces

Large - Format | Aluminium Stacking Doors | Custom aluminium door system designed around the opening

Designed to connect. Built to be used.

Why HVS

EXPERIENCE.
CARE.
PRECISION.

1

CONSIDERED SOLUTIONS

Specified around the project, location and exposure.

2

COMPLETE SYSTEM APPROACH

Frame, glass and hardware considered together for the intended application.

3

SKILLED WORKMANSHIP

Manufactured with attention to fit, function and finish.

4

PROFESSIONAL INSTALLATION

Manufactured and installed to applicable standards, with glazing certification issued where applicable.

5

INDUSTRY REGISTERED

AAAMSA & SAGGA registered.
