

HVS ALUMINIUM & GLASS

Aluminium Windows

Custom. Considered. Made to fit.

RESIDENTIAL | COMMERCIAL | CUSTOM

*Crafting Dreams,
Framing Reality.*

Designed for the space.

Every project is different. HVS aluminium windows are made to suit the space, with configurations selected around the design, function and requirements of the project.

From individual windows to larger glazed sections, each solution is carefully measured, manufactured and professionally installed by the HVS team.

Why choose Aluminium?

RUST FREE

Aluminium does not form iron rust. Its natural oxide layer helps resist corrosion; appropriate finishes and regular cleaning remain important, particularly near the coast.

RECYCLABLE

Aluminium can be recycled repeatedly without losing its inherent material properties, supporting resource reuse.

STRONG & LIGHTWEIGHT

A favourable strength-to-weight ratio supports durable frames and neat sightlines within the chosen system’s design limits.

LOW MAINTENANCE

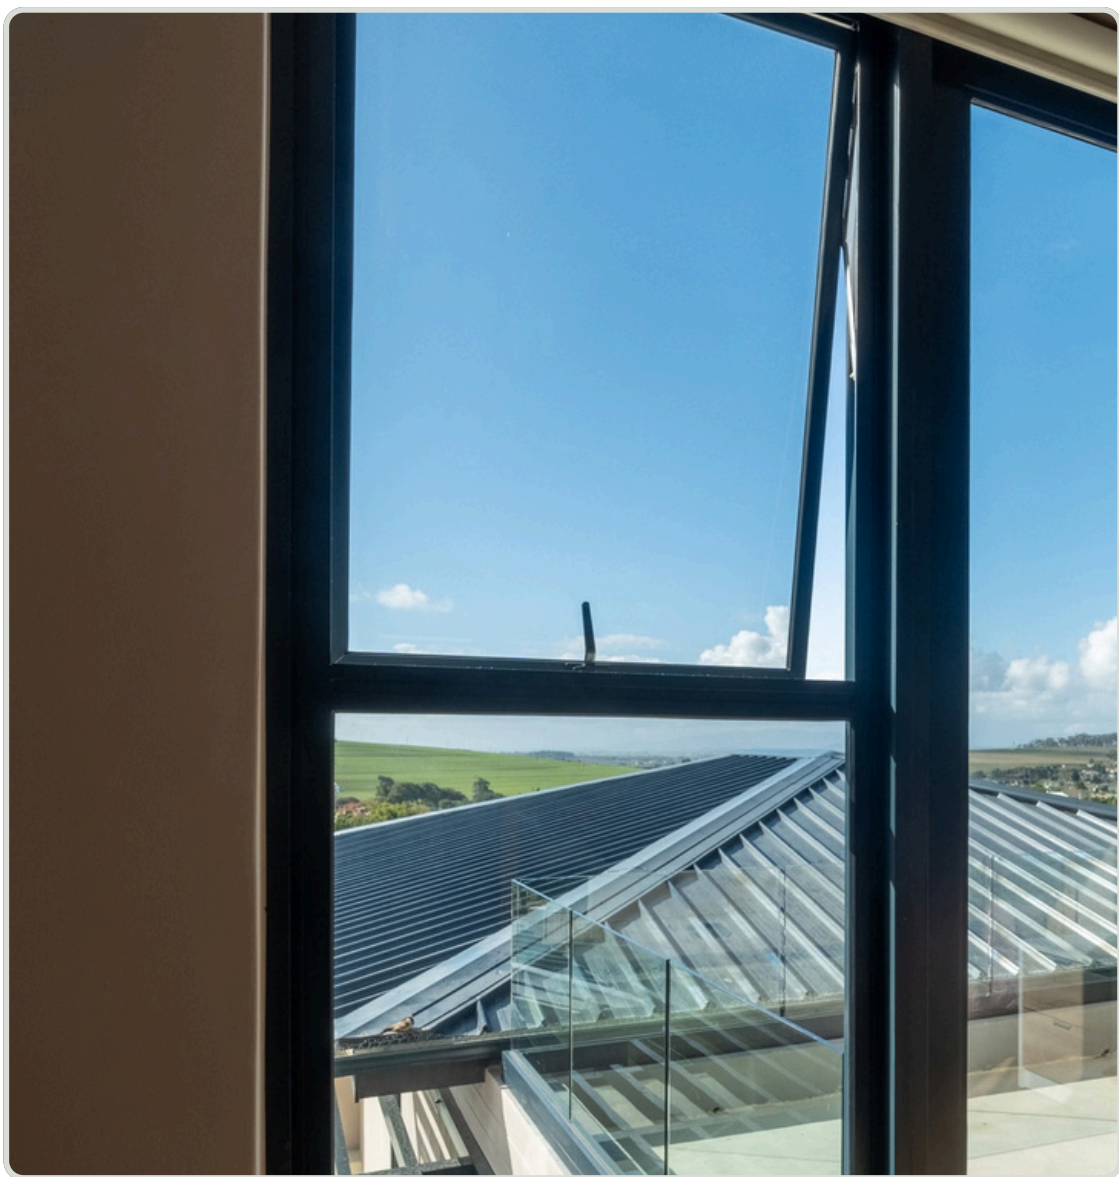

Aluminium does not rot and needs no timber-style staining. Suitable finishes and routine cleaning help preserve its appearance.

MADE FOR THE VIEW

Window Range

OPTIONS FOR DIFFERENT SPACES

TOP HUNG

Practical ventilation with a clean, compact opening.

SIDE HUNG

Versatile ventilation with a simple outward opening.

ELITE SLIDING

Smooth operation without taking up additional opening space.

FIXED

Maximises natural light and uninterrupted views.

TILT & TURN

Flexible opening options for ventilation and easy access.

PIVOT

A distinctive opening style for contemporary spaces.

CORNER

Expands views and brings light around the corner.

BAY

Adds light, space and architectural dimension.

COTTAGE PANE

Classic divided proportions with a considered finish.

SKYLIGHT FIXED

Introduces natural light from above.

GABLE

Makes use of shaped openings while maximising natural light.

CUSTOM CONFIGURATIONS

Designed around the dimensions and needs of the project.

Made for the project. Measured for the space.

Specifications

QUALITY SYSTEMS.
RELIABLE PERFORMANCE.

PROFILE SYSTEMS

- Wispeco / Crealco aluminium systems
- 30.5 & 38 Casement, Skyline 41, Elite, Serene & Evolution
- Selected to suit opening, dimensions and application
- Supporting system specifications included

GLASS OPTIONS

- Single & double glazing options
- Clear, laminated, NC45, Low-E & toughened glass
- Selected to suit application and frame system
- Safety and performance requirements considered

FINISHES

- 100+ colour options available
- Standard: Charcoal, Matt Black, White, Natural, Bronze & Matt Stone Grey
- Special colours available on request
- Final colours confirmed against physical samples

HARDWARE

- Quality hinges, handles, stays, locks & fittings
- Selected for compatibility and reliable operation
- Coordinating hardware colours available
- Six-month hardware warranty

MANUFACTURE & COMPLIANCE

- Specified for project location and exposure
- Frame, glass and hardware considered as a complete system
- Manufactured & installed to applicable standards
- Glazing certification issued where applicable

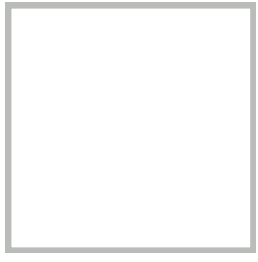

COLOUR OPTIONS

Matt Stone Grey

BUILT WITH CARE.
FINISHED PROPERLY.

The detail makes the difference

Clean, considered joints

Careful alignment

Neat finishing

Quality hardware

Made for a precise fit

BUILT WITH QUALITY.
INSTALLED WITH PRECISION.

Real spaces. Real possibilities.

RESIDENTIAL | COMMERCIAL
BUILT AROUND THE PROJECT

Santé Cellar | Paarl | Custom aluminium window installation & glazing

Commercial | Paarl | Large-format aluminium windows

Residential | Paarl | Custom glazing and fixed aluminium window solutions

*Different spaces. Different requirements.
One considered approach.*

1

CONSIDERED SOLUTIONS

Specified around the project, location and exposure.

2

COMPLETE SYSTEM APPROACH

Frame, glass and hardware considered together for the intended application.

3

SKILLED WORKMANSHIP

Manufactured with attention to fit, function and finish.

4

PROFESSIONAL INSTALLATION

Manufactured and installed to applicable standards, with glazing certification issued where applicable.

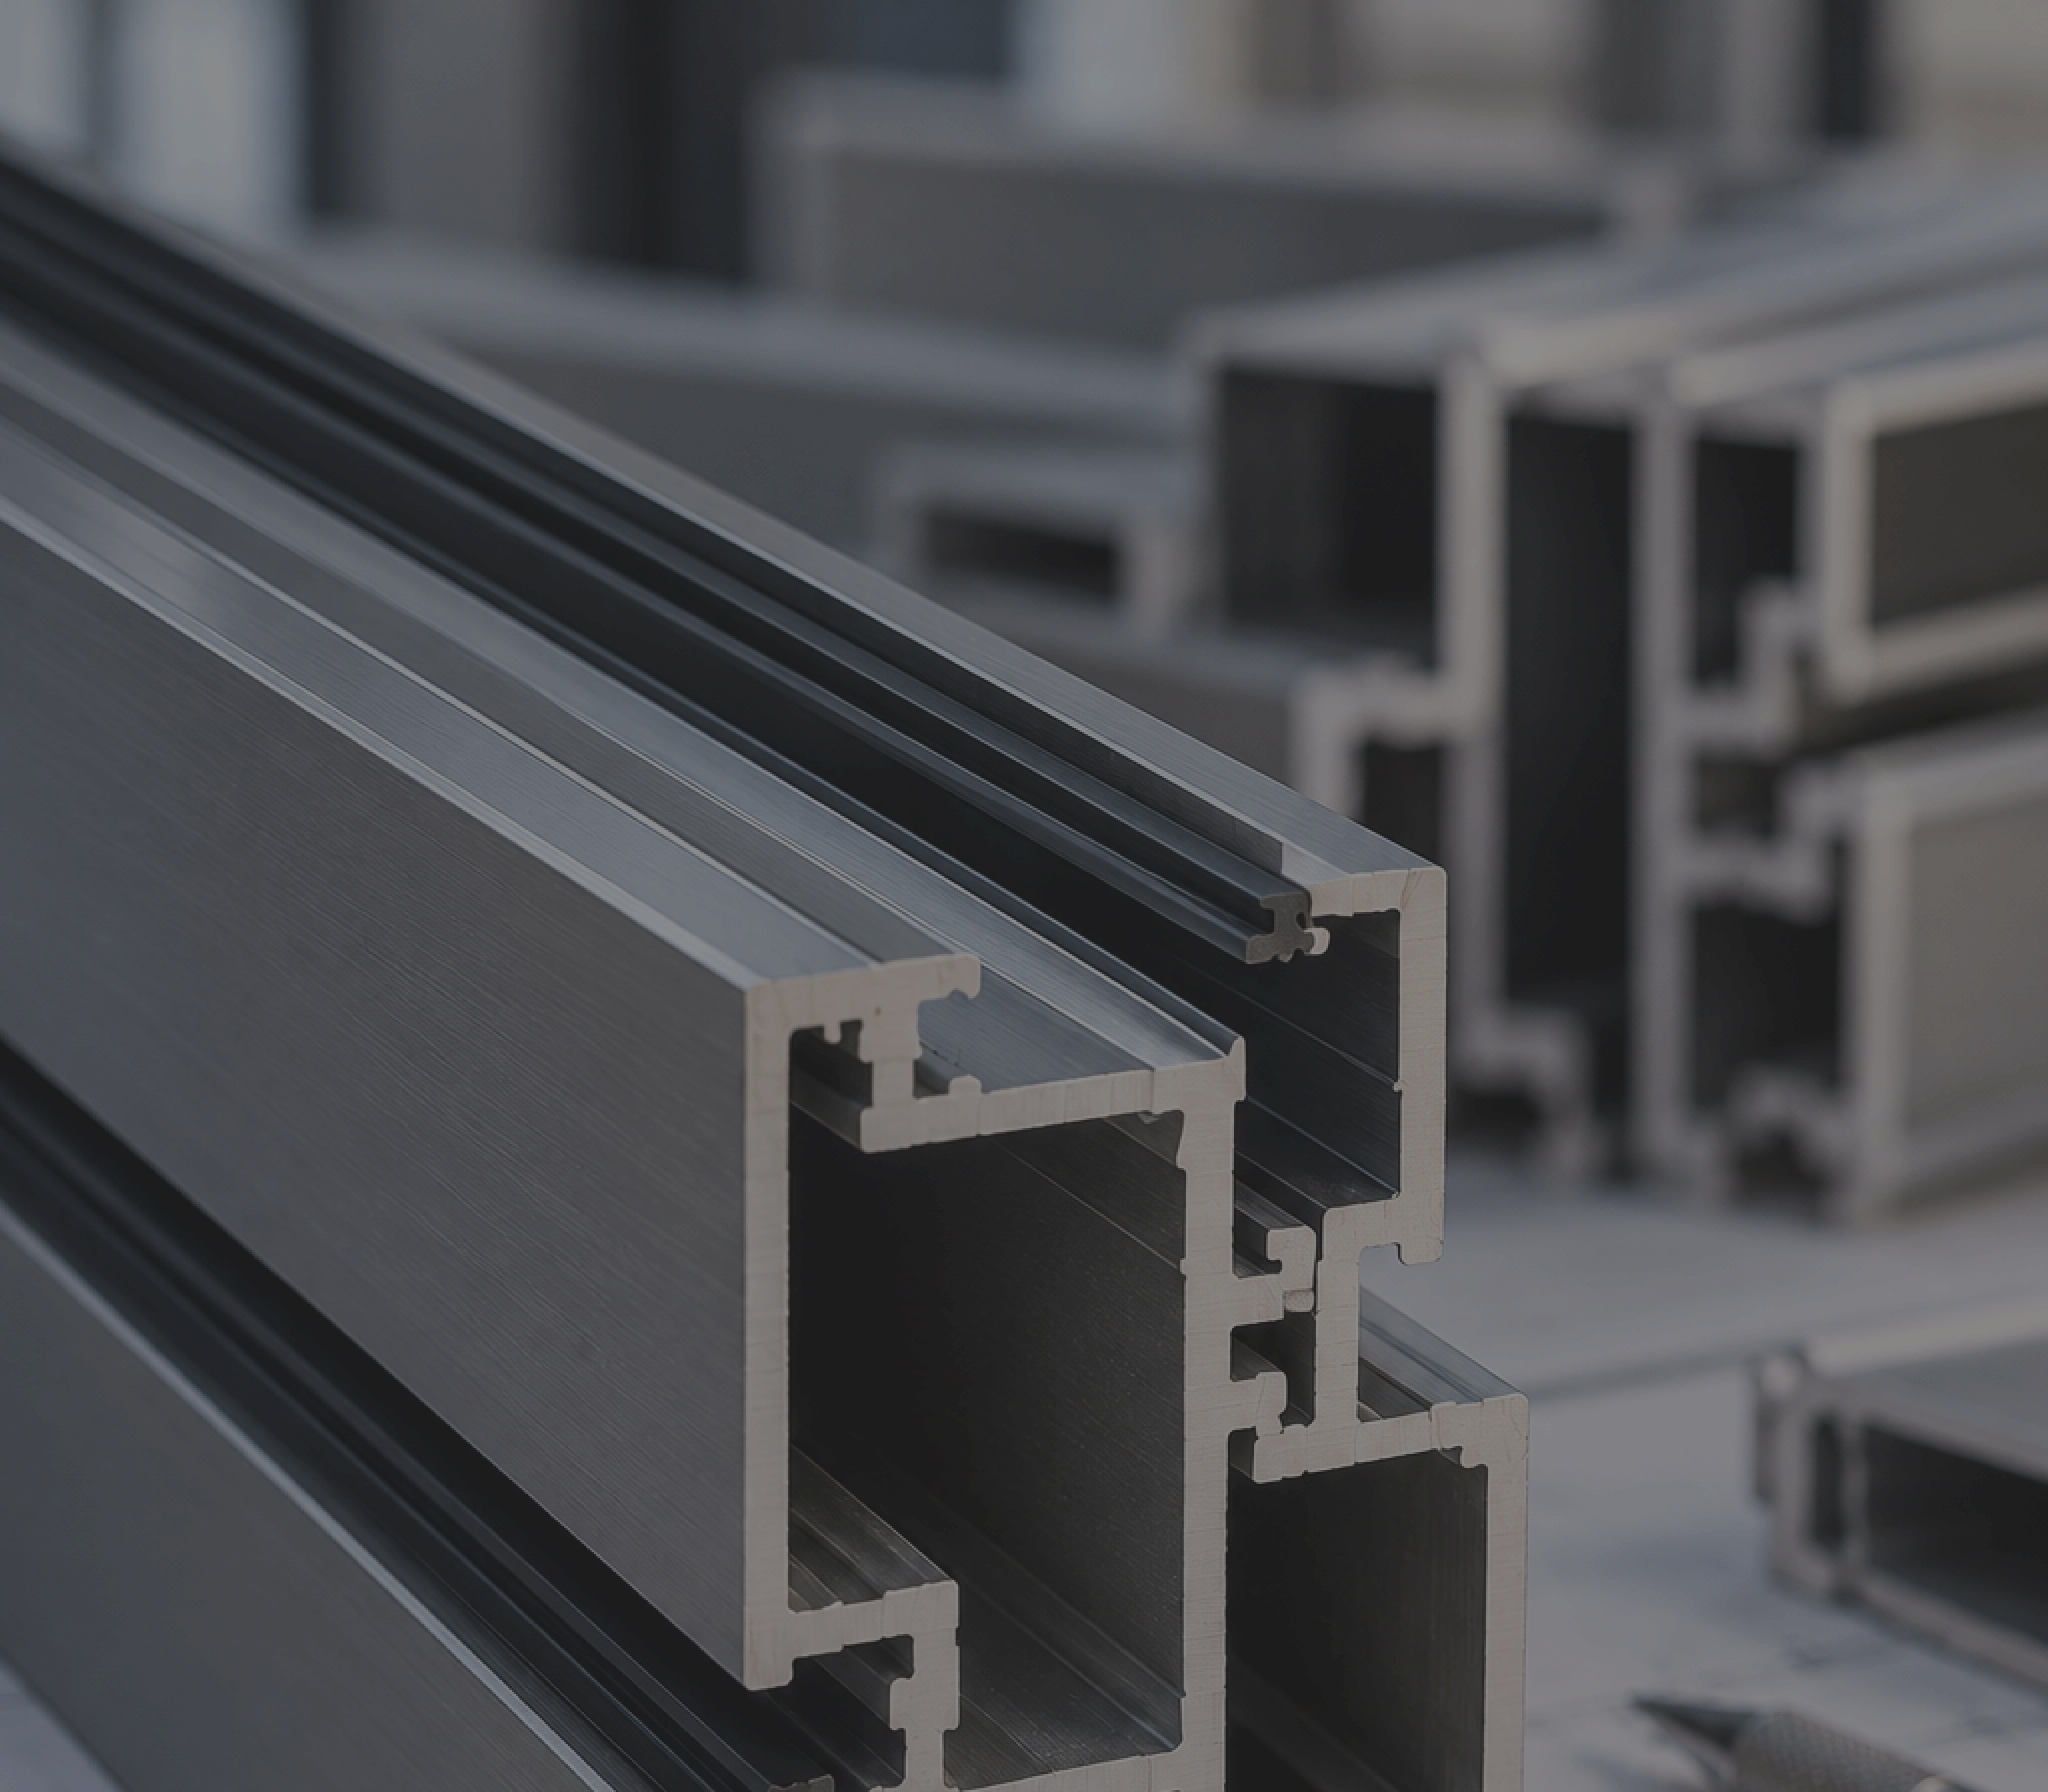

5

INDUSTRY REGISTERED

AAAMSA & SAGGA registered.

*Crafting Dreams,
Framing Reality.*

Wispeco Crealco Systems

Trusted systems. Professionally fabricated.

HVS manufactures and installs aluminium solutions using Wispeco Crealco architectural systems, selected to suit each project and application.

Technical specification sheets are available on request. Please contact us for the relevant Crealco system documentation.
